### Who is the Most Popular Teacher?

The Times-Dispatch Will Offer a \$500.00 Piano-Player to the Teacher Who Receives the Greatest Number of Votes. No Subscription Votes Will Be Counted

The Times-Dispatch Voting Contests have proved so popular that this paper has decided to continue the features with the distinct provision that it is in no way a subscription solicitation, but is simply a straight voting contest.

A \$500.00 piano-player, with cover, bench and twelve rolls of music, will be offered to the white school teacher, either man or woman, who teaches in a school, either private or public, within the limits of the city of Richmond.

It is not necessary to be nominated, and it will not cost the candi-Jates one cent of expense to enter the race, for the subscription feature does not enter into the contest.

In a word, there will be printed each day in The Times-Dispatch a coupon good for one vote-no more, no less.

This coupon through the entire voting campaign will only be worth one vote. New subscriptions or renewals of old subscriptions will not count in any way, and the only way that candidates can secure votes is by clipping the coupon from The Times-Dispatch and sending it to the Popularity Manager, Room 406, Times-Dispatch Building.

The contest will begin on Monday, March 9, 1914, and will end at 6 P. M. on April 30, 1914.

The \$500.00 piano-player is offered to the most popular school teacher teaching in a school within the limits of the city of Richmond. The player is an exceedingly handsome one, and during the period of the contest will be on exhibition in the window of a music store on Broad Street.

This contest offers a rare opportunity for the school children to show their appreciation of the various teachers in the school departments and schools of the city.

The contest is limited to white teachers, but either a man or woman

It has been suggested that the attitude of the United States over the Panama Canal tolls controversy had been partly responsible for England's refusal to participate in the exposition. Repeal of the exemption clause is being urged by President Wilson, with prospects of early action, and the President will deliver a message on the subject to Congress to-morrow.
